Service Charge - Most of our guests now prefer to pay via debit or credit card including a service charge for great service. To make this easier we have added an automatic service charge - we've made it a default 10% and you can change it to any level you wish including no service charge. Our teams have always shared service charge and this is no different - every penny you might want to give is shared equally by our teams through our "Fair Fund". There is no administration cost or anything retained by the company, what you may give is guaranteed to go to 100% to our team. Service charge is entirely optional, if you would like us to remove it, you need only ask.

# COFFEE EXPERIENCE

Our Piazza San Marco, lever espresso machine named after the iconic symbol of Venice, and made by Fiorenzato UK, is a one of a kind in Oban. This piece of equipment combines the original designs of the 1940's with materials and expertise from the 21st century, the result is an espresso machine that has great visual impact and produces excellent coffee. The spring loaded lever action enables optimum flavour extraction whilst allowing our baristas the opportunity of taking the theatre of coffee making to another level. We hope you enjoy!
